

Starter – PRO START 2824 12-24V

TELWIN K5

Description

Battery-powered starter suitable for 12-24V starting of cars, vans, boats, agricultural vehicles, power sources etc. When connected to the cigar-lighter outlet it maintains the voltage on all circuits during battery changes and is also a 12V power source for use in emergencies. Fit with a safety switch for starting, it does not damage the electronics of the vehicle and allows for a large number of starting operations before being recharged. PRO START 2824 can be recharged using the special power supply, connected to the mains network, or using the cigar-lighter outlet of the vehicle (for the safeguard of the battery, charge for 12 hours before use, charge again after each use and every 3 months in any case). Characteristics: safety switch * overload protection * polarity reversal protection acoustic/luminous alarm * high efficiency led lamp * battery charge status led * battery charging status led * 2 x 12V jack sockets * cable-holder pocket. Complete with: 230V AC 12V DC power adaptor, positive-negative cables with clamps, high efficiency lamp, double jack cable.

	PRO START 2824 12-24V
	Item no. T829517
Load voltage/start voltage	12-24 V
Starting peak current	2500 A
Output current	800 A
Battery capacity	44 / 22 Ah
Weight	16,1 kg
Dimensions l x b x h	205 x 335 x 360 mm
Mains voltage	230 V
Brand	TELWIN
