Product name: Kelfort® Self-adhesive fleece damp-open 160 gram

Issued by: S.K.	Confirmed by: G.L.
-----------------	--------------------

The product: The Kelfort® self-adhesive damp-open fleece 160 gram is a light-weight protective cover that allows surfaces to be quickly and efficiently protected. The fleece is self-adhesive and slightly breathable: the damp-open film allows moisture to pass through from below, while the top side remains completely liquid-proof.

The application: Universal protection for indoor floors. Reliable for use on newly laid ceramic tile floors and recently glued wood, parquet, and laminate floors. Also suitable for uneven surfaces, such as stairs.

Features:

- Strong material
- Vapor-permeable coating
- Self-adhesive layer on the underside
- Liquid-proof top side
- Flexible material
- Shock-absorbing
- Lightweight
- Easy to install
- Leaves no adhesive residue
- Tear- and wear-resistant
- Reusable
- Anti-slip LDPE coating

Technical data:

Material: PET textile fibers, impregnated with a water-based adhesive layer (underside) and a vapor-permeable coating (top side).
M² each roll: 25
Width: 100 cm
Linear meter: 25 m
Bruto weight: 4,1 kg
Material weight: 160 g/m² ± 10%
Colour: Light blue on the top side, white on the underside
Vapor permeability: 0,2l/ 24 hours/ m²
Maximum usage time: 1 month (till 40°C)

Product name: Kelfort® Self-adhesive fleece damp-open 160 gram

Instructions for use: Ensure the substrate is dry, clean, and free of dust. Turn off under-floor heating. Lay the product flat on the substrate with the self-adhesive side facing down, overlapping the fleece by 10 cm. Always test beforehand to ensure the product is suitable for the specific substrate.

Caution: The Kelfort® self-adhesive damp-open fleece 160 gram is not resistant to aggressive substances. The substrate must remain dry, clean, dust-free, and free of solvents. Any damaged parts of the product must always be replaced.

Delivery form:

The article number,

Dimensions and

EAN-code:

1515202 => 1,0x25 m = 25 m² => 8714678243585 (roll)

1515202 => 8714678243592 (pallet of 45 rolls)

Packaging roll:

Each product is packaged per roll and labeled with a sticker. The rolls are packed in a PE bag and placed on a europallet.

Information on

the sticker:

The Kelfort logo, the article number and EAN-code.

Storage:

The storage conditions affect the performance of the product. Store it dry and protected from moisture, preferably in the original packaging, at a temperature between 5°C and 30°C, and away from heat sources and direct sunlight.

Shelf life:

Shelf life: maximum 12 months from the production date, provided it is stored at room temperature in a cool and dry place. The production date is indicated on the sticker on the underside of the roll.
