Safety in Progress

ANTI-CUT / LEVEL 5

USE

HANDLING OF CUTTING PARTS IN DRY ENVIRONMENT:

- STAMPING, DOOR-FITTING
- AERONAUTICS
- RAILWAYS
- SHIPYARDS
- PLASTURGY, BOARDING
- MAINTENANCE

MASTERCUT+

PRODUCT ADVANTAGES

EXCELLENT MECHANICAL RESISTANCES
AMBIDEXTROUS - WASHABLE
BREATHING - COMFORTABLE - MUTLI-FUNCTIONAL

PERFORMANCE

Model meets the requirements of the European Standards:

EN 420 2003 general requirements
EN 388 2003 protection against mechanical hazards

Approval delivered by the notified body
CTC/LYON N°0075

PROTECTION LEVEL

**MECHANICAL HAZARDS
(to be confirmed)**

EN 388

- 4 Abrasion resistance out of 4 levels
- 5 Blade cut resistance out of 5 levels
- 4 Tear resistance out of 4 levels
- X Perforation resistance out of 4 levels

DESCRIPTION & MAINTENANCE

5-finger knitted glove with ZIRNIUM threads
Seam reinforcement between thumb and index
Each size has a different coloured finishing hem
Length: 25 cm
Packaging: package of 10 pairs, carton of 100 pairs
Available sizes: 8. 9. 10.

Industrial washing at 60°C

17 avenue Charles de Gaulle 01800 Villieu
