

DIAMONDWIZARD

DRILL BIT FOR SOCKET OUTLETS

Perfect for installing socket outlets for plug sockets and junction boxes.

PRODUCT DESCRIPTION

- For professional installation work
- Extremely resilient high-end diamond cutters for fast material removal and low wear
- Can be used for dry drilling
- Ideally suited for use in high-density sand lime brick, wet sand lime brick and all types of masonry
- Fast drill dust removal and reduced jamming effect thanks to the innovative drilling template with wizard spiral
- With anti-vibration feature for fast and optimal centring
- Accessories and extras: adapter and pilot bit available separately
