

HSS-G TURBO DIN 338 RN

METAL DRILL BIT

Ground precision drill bit for challenging drilling in metal and steel.

PRODUCT DESCRIPTION

- Drilling without centre-punching. For extremely precise holes
- HSS-G quality for a long service life
- Aggressive, self-centring W tip
- Fully ground helix design
- Virtually burr-free, extremely precise and perfectly circular holes
- Great results, also in thin steel sheets
- Quick drilling progress
- Ideal for battery-powered drills or drill presses
